This quotation provides for the selection and supply of equipment that has been deemed appropriate to meet the specified needs of the customer's particular application. The assessment of the technical requirements for this application is based on the information provided by the customer. Any additional information or amendments to existing information should be notified to Beijer Ref Australia by the customer before a confirmed Sales Order is formalised.

1. This document does not constitute or confer a confirmed sales order. Any subsequent Sales Order shall be subject to the normal Beijer Ref Australia terms and conditions of sale.
2. Quoted prices stated within this document shall be valid for up to 30 days following the date of quoting (unless an extension is mutually agreed between the parties.)
3. Quoted prices exclude extraordinary freight or handling expenses incurred by Beijer Ref Australia in meeting specific customer delivery requirements.
4. All prices exclude GST.
